Respected Friend

I recd thy very acceptable letter dated 5th
mo 5th and was at hand a few days ago.
I must inform thee that I do not feel dis-
posed to take any less than I stated before.
I dont know how Jefre could with a
clear conscience wish me to take any less than
what I before stated. If Jefre has a desire
to come back I wish he would express his
designs in another letter. Stating his determination
If he feels disposed to come back I will meet
him at any place that he will mention.
And no sum of money or no temptation shall
seperate us. But if he does not wish to return
I will make the transfer to any friend of his
that he will mention for the sum before stated.
